

## Planned Project Activities

Please list the activities that you intend taking place during your laboratory time, and indicate when they should occur, and who will do them. The 'Initials' column must specify only one person. If two people are working on the same subsystem or task, you should list this as two separate activities, and be clear about what each individual is contributing to it.

*Manning on Web Server + Hardware*

Activity	Initials	Fri am	Fri pm	Mon am	Mon pm	Tue	Wed	Thu	Fri am	Fri pm	Mon am	Mon pm
