

Actual Project Activities

Please list the activities that took place during your laboratory time, and indicate when they occurred, and who did them. The 'Initials' column must specify only one person. If two people worked on the same subsystem or task, you should list this as two separate activities, and be clear about what each individual contributed.

Activity	Initials	Fri am	Fri pm	Mon am	Mon pm	Tue	Wed	Thu	Fri am	Fri pm	Mon am	Mon pm
Confirming microphone and amplifier chip	KP	X										
Construct development board	KP		X	X	X							
Testing design	KP				X	X						
Change the cut-off frequency	KP						X	X				
Construct second final board	KP							X	X			
Testing final board	KP								X	X	X	
Helping soldering and test buffer	KP										X	X
